Pros

Nice looking bus

Great texture quality

easy to drive (shorter wheel base)

cons

First Person view is seated a little to far right

Sounds exactly like the other two MAN buses in the game

Dash is exactly like the other two MAN buses in the game even having the same mirror placement as the other MAN buses featured in bus sim 16.

After 3 hours (at the time of writing this review) of driving the MAN A 47 M I am happy with the good quality of the bus.. Nice little DLC, bought it mostly cuz +3 new tracks for radio and ads, bus and decals are okay also.

. At less than \u00a3 it's probably the cheapest DLC I have seen for any Bus Simulator.

The bus itself is pretty nice looking, I don't have much knowledge of a MAN Lions City Bus since I do not live in Germany or where they're found, but from where I have seen them irl, I can at least say they look like MAN Bus should do.

Is it good value for money?

Definitely, at less than \u00a3 it's more than easily affordable.

Do I recommend it?

Yes.

Overall rating 8/10. nice dlc hoping for a citaro soon. Very nice bus. Just make your bus collection bigger

Like you have your very first DLC, but I can't find it. I can give a buy recommendation for all dlcs, but they are not necessary at all costs.. I like this game, However when i play it's very laggy becasue it says my computer is bad so it needs to be 128 bits +.
